

———— The sharp forks we follow ————

A social take on protocol forks, their perils, and utility

/fɔːk/

A dispute resolution mechanism

Hard forks

Not all forks are made the same

State of dissensus

within a group of people

The path of the fork

technological - political - economical - theological

Epic hard forks of history

And how people break apart

Slicing the noosphere

Where ideas are infinite but attention is not

The sharp forks we follow

And our subjective irrationality

Network effects

And why we may not challenge the status quo

The limits of forking

Centralization vs decentralization

Ethereum x Ethereum Classic

A study case

Bitcoin vs Bitcoin Cash

Another study case

Fork off!
